

Second Russia and Pacific Conference on Computer Technology and Applications (RPC 2017)

Vladivostok • Russky Island • Russia

25 -29 September, 2017

<http://rpc2017.dvo.ru>

Dear colleagues!

We cordially invite you to attend the Second Russia and Pacific Conference on Computer Technology and Applications (RPC-2017) to be held during September 25-29, 2017, in Russky Island at the Far Eastern Federal University Campus.

The conference is organized by Far Eastern Federal University, Institute of Automation and Control Processes of Far Eastern Branch of Russian Academy of Sciences, IEEE New South Wales Section (Australia).

The aim of the conference is to provide a platform for academics and engineers in computer technology to meet, exchange ideas, and establish professional networks. It is a forum which will focus on specific disciplinary research as well as on multi-disciplinary studies. The uniqueness of RPC is that it enables the scientists in Russia to link with academics from around the world and gathers researchers from not only technical areas, but also from areas which use the technology. English is the working language of the conference.

Proceedings

The conference proceedings will be published in the international journal "Information Technology in Industry". It is indexed in Web of Science (Emerging Sources Citation Index) by Thomson Reuters.

Main topics

Topics of interest include, but are not limited to:

- intelligent computing;
- agent-based modeling and web-applications;
- computer networking, telecommunication and mobile communications;
- security and hacking;
- cloud computing: architecture, platforms, applications;
- ontologies for different domains and applications;
- IT in health care and education;
- computer vision, multimedia, GIS.

Important Dates

Registration	1 April 2017
Full paper submission	30 April 2017
Notification of acceptance	20 May 2017
Payment of registration fee	10 Jun 2017
